

# IDIS SOLUTION SUITE

IDIS Solution Suite is a highly scalable and fully integrated network video surveillance solution.

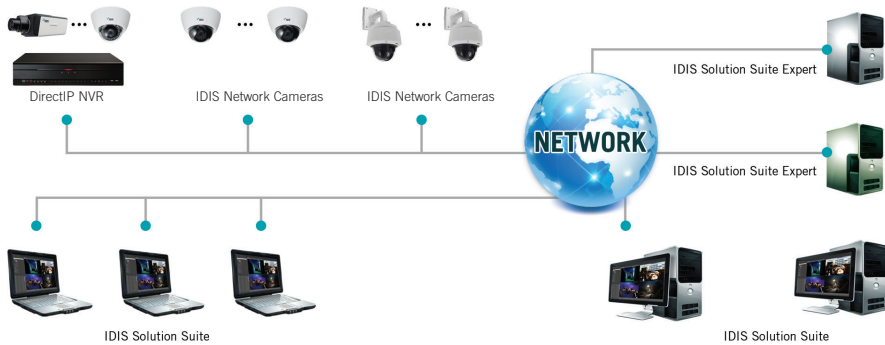

IDIS Solution Suite is suitable for both large enterprise customers as well as smaller surveillance operations for home security and small business. IDIS Solution Suite Compact provides an intuitive GUI for the installers unfamiliar with IT networks and the powerful recording features are available without license fees.

IDIS Solution Suite Expert provides a general-purpose network video recording application that will satisfy a wide range of customer requirements without complicated licensing structures.

IDIS Solution Suite Expert is the perfect solution for project-based surveillance rollouts as it optionally integrates and transforms to exact customer requirements. Born out of IDIS's deep understanding of the surveillance market and a huge range of customer applications, IDIS Solution Suite Expert is exceptionally scalable and flexible.

Using proven IDIS products including megapixel cameras and keyboards, the system is expandable to ensure a future proof surveillance solution.
